We are listing and stocking those varieties commonly used in our section, however, we can upon short notice, obtain any special variety that may be desired and shall be glad to do so upon your request. All prices are F.O.B. Seville, Florida unless otherwise stated.

FLOWER SEEDS

We do not undertake to list our stock of Flower seeds but we will be glad to quote you if you will advise us the quantity and variety you are interested in.

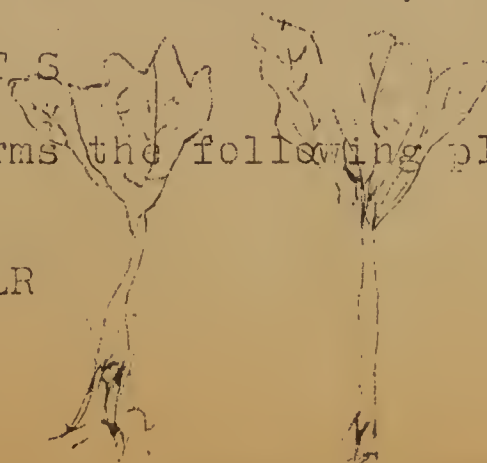

We wish to emphasize in particular the C.L.R. we use in seeds. These are grown for us under contract by responsible growers or are obtained through the most reliable sources of supply. "Cheap Seeds are dear at any price." It isn't a very sound policy for any trucker or grower, for a difference of only a few cents, to take on seeds of questionable source or quality. We can assure you the best obtainable which we believe, in every instance, to be true to name and variety; but like all reputable seed houses and distributors, we have to reiterate:

"We do not express, imply, or give any warranty as to description, quality, and productiveness of any variety of seeds we offer to sell and we will not be, in any manner, responsible for the crop. If the purchaser does not accept on these terms, seeds are to be returned, unopened.
